“Jointness American Style”

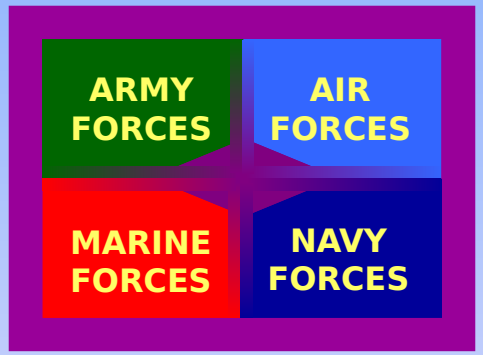
Deconflict Service Forces

Result: Constrained Use of Service Forces to Avoid Conflicting

Stitch Service Seams

Result: Full Use of Service Forces Without Conflicting

Integrate Use of Service & Born Joint Capabilities



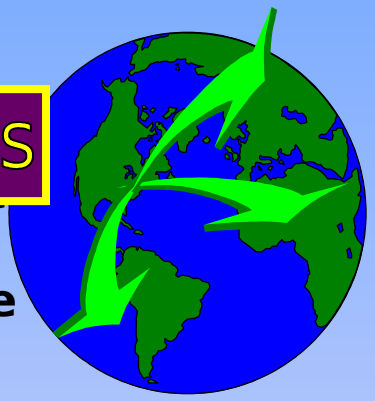
Result: Optimizes Service Core Competencies and Joint Specific Capabilities to Meet JV2020 Objectives

Integrate Service, Interagency & Multinational Capabilities

Result: Full Spectrum Dominance Through Synergy of All Capabilities

JV2020 Compared to Today: Structure

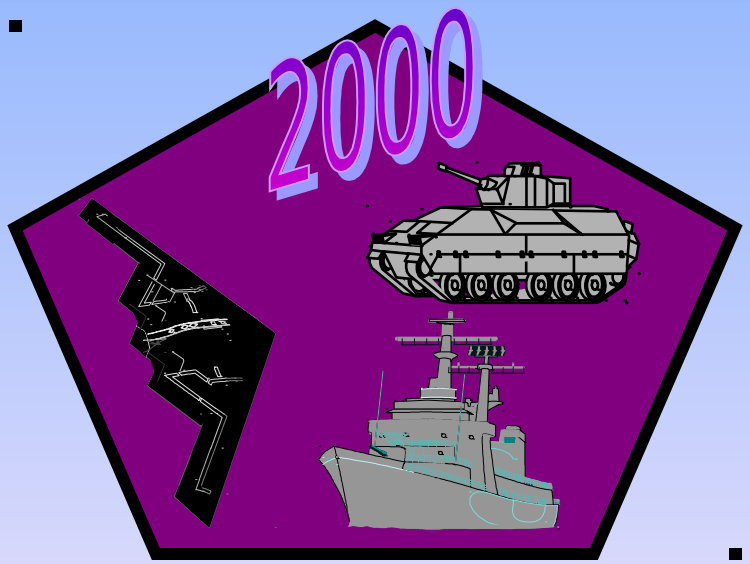
- **Continued Overseas Presence But Greater Focus on CONUS Based Power Projection**
- **Rapidly Deployable Expeditionary Joint Forces Projected in Balanced and Sustained Waves of Capability That Maximize the Service Core Competencies and Enable Forces to Fight While Deploying and on Arrival.**

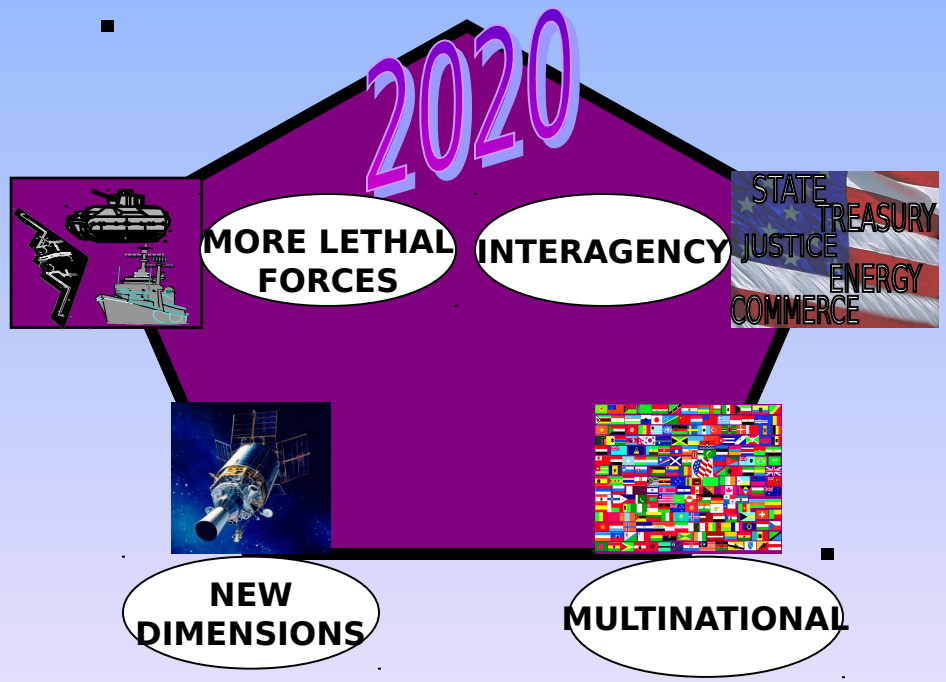


- **Evolving Role of the National Guard & Reserves**
  - **Continued Reliance On Total Force For MTWs**
  - **Increased Role In Performing SSC Missions Vital to US Interests**
  - **Increased Role in Executing Shaping Missions Through Theater Engagement Plans**
  - **Key Role in Providing Military Support to Civil Authorities**
    - **WMD Crisis & Consequence Management, Homeland Security**

Capability Comparison

Equivalent Capability - Different Force Structure





RESULT: Integration of All Instruments and Capabilities of onal Power Toward Accomplishing a Single Political-military Ends

Moving Toward The Joint Vision

- Established Joint Vision As The Common Goal Throughout DOD
  - Defense Planning Guidance
- Identified Future Challenges and Desired Operational Capabilities To Meet Challenges
- Joint Forces Command
  - Campaign Plans Focus on Robust Experimentation
- Implementation Master Plan
- Unified Command Plan 21 Vision
- The Interagency Piece
  - War Plan Annex/Interagency Working Group
- The Multinational Piece (Alliances/Coalitions/Bilaterals)

Conclusion

This Vision Is Firmly Grounded In The View That The Core Competencies Of The Individual Services Must Be Brought Together To Create A Truly Joint Force Capable Of

FULL SPECTRUM DOMINANCE
